Target audience and programme

We welcome families with hearing impaired children and young people across Europe to the camp. The event is chaired by the European Federation of Parents of Hearing Impaired Children FEPEDA in collaboration with the German association of deaf children (Bundeselternverband gehörloser Kinder), Hessian association of parents of hearing impaired children (Elternvereinigung hörgeschädigter Kinder in Hessen) and German youth association for young people with hearing impairments (Bundesjugend Verband junger Menschen mit Hörbehinderung).

All associations have put their experience together to offer a great event to all participants. For adults we offer lectures and thematic workshops to learn more about empowering hearing impaired children and youth facing future challenges. For children and young people there will be several different guided activities. The evenings programme is for the whole family.
